Short Description
"That's what dogs do because that's what God designed them to do."

Description
In Dogs Don't Die Dogs Stay I wanted to convey how the loss of a dog feels but quickly and tenderly point out that their loyalty never dies. And since our dogs find heaven at our feet--as we find it in their eyes--they never really go anywhere but remain part of our lives and play an active role in helping us heal...It's part of a dog's agenda!
